

DREB Conference 2024

Thursday 27 June 2024

Thursday afternoon 2 (16:30-18:10)

time	[id] title	presenter
16:30	[75] One and two proton removal from neutron-rich nuclei: a comparative sensitivity study in the mass region of 52Ca	XANTHOPOULOU, Christina
16:50	[95] Ab initio folding potentials for proton-nucleus scattering based on NCSM nonlocal densities	ELSTER, Charlotte
17:10	[37] Present status and future prospect of the SCRIT electron scattering facility	Dr TSUKADA, Kyo
17:30	[38] 46Ar: a bubble nucleus?	BRUGNARA, Daniele
17:50	[53] Interaction Cross Sections and Neutron Skin Thickness of Ni Isotopes	FUKUTOME, Miki
