

NAVI Physics Days

Thursday 26 February 2015

Session 2 - KBW Lecture Hall (14:00-16:15)

-Conveners: Hans Feldmeier

time	[id] title	presenter
14:00	[5] r-process nucleosynthesis: nuclear input, required environment conditions, astrophysical sites, and its role in galactic evolution	THIELEMANN, Friedel
14:45	[6] Neutron star equations of state with optical potential constraint	ANTIC, Sofija
15:15	[7] Recent Advances in shell model calculations beyond ^{132}Sn	NAIDJA, Houda
15:45	[8] Beyond mean field calculations of nuclear masses	ARZHANOV, Alexander
