

# NAVI Physics Days

## Thursday 26 February 2015

### Session 3 - KBW Lecture Hall (16:45-19:00)

-Conveners: Tomás Rodríguez

| time  | [id] title   | presenter         |
|-------|--|-------------------|
| 16:45 | [9] Insights from neutron-star merger simulations                            | BAUSWEIN, Andreas |
| 17:30 | [10] Fission barriers for r-process nuclei                                   | GIULIANI, Samuel  |
| 18:00 | [11] Neutrino-matter interaction in core-collapse SNe and NS mergers         | PEREGO, Albino    |
| 18:30 | [12] New capabilities for mass measurements of n-rich nuclei at TITAN/TRIUMF | DICKEL, Timo      |
