

X. Workshop on Resistive Plate Chambers and Related Detectors

Thursday 11 February 2010

New applications - Hörsaal GSI (09:00-11:00)

time	[id] title	presenter
09:00	[43] A study on the spatial resolution of human RPC-PET	Mr COUCEIRO, Miguel
09:20	[44] Study on the Performance of Large Area MRPC with High Position Resolution	Prof. YUE, Qian
09:40	[45] Resistive Electrode Approach in Micropattern Gaseous Detectors	Prof. PESKOV, Vladimir
10:00	[47] Construction of a Digital Hadron Calorimeter with Resistive Plate Chambers	Dr XIA, Lei
10:20	[48] Tests of a Digital Hadron Calorimeter with Resistive Plate Chambers	Dr REPOND, Jose
10:40	[42] Advanced diamond materials for timing applications	Mrs BERDERMANN, Elèni
