

X. Workshop on Resistive Plate Chambers and Related Detectors

Wednesday 10 February 2010

R & D in narrow-gap RPCs (I) - Hörsaal GSI (11:30-13:10)

| time | [id] title | presenter |
|-------|--|---------------------|
| 11:30 | [31] Progress of R&D and production of timing RPC in Tsinghua University | Prof. WANG, Yi |
| 11:50 | [32] A prototype of high rate MRPC for CBM-TOF | Dr WANG, Jingbo |
| 12:10 | [33] Ceramics high rate timing RPC | Dr NAUMANN, Lothar |
| 12:30 | [34] Understanding the ageing process in RPC materials from an ion conductivity approach | Mr MORALES, Miguel |
| 12:50 | [35] Quantification and inhibition of the gas polymerization process in timing RPCs | Ms GRAMACHO, Sílvia |
