

International Conference on the Advancement of Silicon Photomultipliers

Tuesday 12 June 2018

Large Scale Characterization and Reliability (14:00-15:20)

-Conveners: Nikolay Anfimov

| time | [id] title | presenter |
|-------|--|---------------------|
| 14:00 | [77] Large Scale Characterization Introduction | Dr ANFIMOV, Nikolay |
| 14:10 | [12] Large Scale Characterization and Quality Assurance Tests for CALICE AHCAL "Engineering Prototype" | Dr MUNWES, Yonathan |
| 14:30 | [86] Large Scale Characterization of SiPMs in the MEG II Experiment | Dr UCHIYAMA, Yusuke |
| 14:50 | [69] Large Scale Characterization of Si-APDs @ FAIR/GSI | Dr WILMS, Andrea |

Large Scale Characterization and Reliability (15:50-16:50)

-Conveners: Nikolay Anfimov

| time | [id] title | presenter |
|-------|--|---------------------|
| 15:50 | [2] Modular and Custom SiPM for the Mu2e Electromagnetic Calorimeter | Dr SARRA, Ivano |
| 16:10 | [67] Scintillation Tile Hodoscope for the PANDA Barrel Time-Of-Flight Detector | Dr SUZUKI, Ken |
| 16:30 | [78] Large Scale Characterization Discussion & Summary | Dr ANFIMOV, Nikolay |
