

- **FoS:**
  - SAT (repetition of FAT after transp.):
    - vacuum ok (with O-rings)
    - dimensions ongoing
    - -> surfaces (galvanic workshop)
    - -> water cooling
  - low level rf-measurements:
    - list of configurations / geometries prepared & simulated

- **EM-Field Map Compression method**

- received very good feed-back, algorithm requested by TEMF

- **ROSE:**

- prepare contributed talk for IBIC 2019 Conference
