

# Strongly Coupled Systems

## Tuesday 16 November 2010

### Session II - Lecture Hall (14:00-18:00)

time	[id] title	presenter
14:00	[15] Spin correlations in hot dense matter and ultracold atomic gases	PETHICK, Christopher
14:40	[16] Constraints on the equation of state of dense matter from neutron star masses and radii	LATTIMER, James
16:00	Tea	
16:30	[17] Can one determine the neutrino mass in the double beta decay?	Prof. FAESSLER, Amand
