

# Strongly Coupled Systems

## Wednesday 17 November 2010

### Session II - Lecture Hall (14:00-17:10)

time	[id] title	presenter
14:00	[22] The QCD phase diagram for small values of the chemical potential	KARSCH, Frithjof
14:40	[23] Towards finite density QCD with Taylor expansions	WAGNER, Matthias
15:20	Coffee break	
15:50	[24] Dileptons in hot and/or dense matter and the chiral phase transition	VAN HEES, Hendrik
16:30	[25] Strong QCD with functional methods	FISCHER, Christian
