

# TASCA 21 - 18th Workshop on Recoil Separator for Superheavy Element Chemistry

## Monday 21 June 2021

### News from Gas-Filled Recoil-Separator Laboratories (Part 1) - Virtual (14:10-15:50)

time	[id] title	presenter
14:10	[5] Recent development of GARIS facility for study on superheavy elements	KAJI, Daiya
14:35	[18] JYFL-ACCLAB, in-flight separators MARA and RITU, status and prospects	SARÉN, Jan UUSITALO, Juha
15:00	[9] Spectroscopy of Fl decay chains and plans for Lundium	COX, Daniel
15:25	[19] New uranium isotope discovered at SHANS and CAFE2 project in Lanzhou	ZHANG, Zhiyuan
