

TASCA 21 - 18th Workshop on Recoil Separator for Superheavy Element Chemistry

Tuesday 22 June 2021

Recent News from Physics; Instrumentation (Part 1) - Virtual (14:05-15:35)

| time | [id] title | presenter |
|-------|--|----------------------|
| 14:05 | [10] Fission experiment using Es-254 target material at JAEA tandem accelerator facility | HIROSE , Kentaro |
| 14:30 | [4] Velocity filter SHELS at the U400 FLNR cyclotron: performance and experimental results. | SVIRIKHIN, Alexander |
| 14:55 | [8] High-precision mass spectrometry of ground states and low-lying isomers in heavy and superheavy nuclei with SHIPTRAP | GIACOPPO, Francesca |
| 15:15 | [20] Laser Spectroscopic Investigation of the heaviest actinides at GSI | CHHETRI, Premaditya |
