

QWG 2011 - 8th International Workshop on Heavy Quarkonium

Tuesday 04 October 2011

Production 2 - AUD (11:35-13:05)

-Conveners: Vaia Papadimitriou

time	[id] title	presenter
11:35	[7] Double quarkonium production in hadron colliders from the perspective of NRQCD	YU, Chaehyun
11:55	[8] Uncertainty in the theoretical prediction for the polarization of heavy quarkonium produced at the LHC	WANG, Jian-Xiong
12:15	[9] Jpsi production + polarisation + double charm production at LHCb	FROSINI, Maddalena
12:40	[10] Cross Section measurements for $Y(nS)$, $\psi(2S)$, χ_c and χ_b at LHCb	KERZEL, Ulrich
