

Programm der Sitzung

2.-4. Mai 2011

The 4th EMMI workshop on Plasma Physics with Intense Heavy Ion and Laser Beams

Extreme Plasma States with HI and Laser Beams

Lichtenberg-Haus
Darmstadt

Mo., 2. Mai

14:30

Extreme Plasma States with HI and Laser Beams

Sitzung | **Ort:** Lichtenberg-Haus, Darmstadt

14:30–15:00 Uhr

Extreme states in matter induced by intense particle beams

Sprecher

N. Tahir

15:00–15:30 Uhr

Opacity measurements in warm dense matter

Sprecher

A. Tauschwitz

15:30–16:00 Uhr

Low velocity ion slowing down in dense and strongly coupled ionic mixtures. An astrophysical perspective

Sprecher

C. Deutsch

16:00
