

The 4th EMMI workshop on Plasma Physics with Intense Heavy Ion and Laser Beams

Wednesday 04 May 2011

Physics in Extreme Fields (Plasma Physics / Laser Acceleration) (11:00-14:00)

time	[id] title	presenter
11:00	[34] High-energy quantum dynamics with extremely strong laser pulses	KEITEL, C.
11:30	[35] Laser driven relativistic electron layers for coherent Thomson scattering	MEYER-TER-VEHN, J.
12:00	[36] High harmonics generation in the relativistic regime	PUKHOV, A.
12:30	Lunch Break
