

Multiobjective optimization of the dynamic aperture for SLS 2.0 using surrogate models based on artificial neural networks

Thursday, 4 February 2021 11:00 (1 hour)

Summary of the publication Phys. Rev. Accel. Beams 24, 014601 (2021)

Autors: Kranjčević, Marija; Riemann, Bernard; Adelman, Andreas; Streun, Andreas

Presenter: APPEL, Sabrina (GSI Helmholtzzentrum für Schwerionenforschung GmbH(GSI))
