

EMMI-JINA Workshop: Nucleosynthesis beyond iron and the lighter element primary process

Contribution ID: 25

Type: **not specified**

Nucleosynthesis of trans-iron elements in core-collapse supernovae and neutron-star mergers

Wednesday, 12 October 2011 10:40 (40 minutes)

Presenter: WANAJO, S.

Session Classification: First session: supernovae, r-process and vp-process
