

## **Session Program**

**Sep 26 - 30, 2022**

# **QWG 2022 - The 15th International Workshop on Heavy Quarkonium**

## **Session 1.1**

GSI Darmstadt, AUD

# Mon, September 26

9:45 AM

## Session 1.1

**Session** | **Location:** GSI Darmstadt, AUD | **Convener:** Vato Kartvelishvili

9:45 - 10:05 AM

### Multiplicity dependence of quarkonium production in pp collisions from ALICE

**Speaker**

Anton Andronic

**Location**

GSI Darmstadt, AUD

10:05 - 10:25 AM

### Two-loop QCD corrections to exclusive $J/\psi + \chi_{cJ}$ production at B factories

**Speaker**

Jia-Yue Zhang

**Location**

REMOTE

10:25 - 10:45 AM

### Observation of multiple near-threshold structures in $J/\psi/\psi$ mass spectrum at CMS

**Speaker**

Jingqing Zhang

**Location**

REMOTE

10:45 AM
