

QWG 2022 - The 15th International Workshop on Heavy Quarkonium

Monday 26 September 2022

Session 1.4 - AUD (16:30-18:00)

-Conveners: Enrico Scomparin

time	[id] title	presenter
16:30	[39] Recent results on bottomonium production in Pb-Pb collisions at ATLAS	MILOV, Alexander
16:45	[93] Upsilon - underlying event correlations in pp collisions from ATLAS	MILOV, Alexander
17:00	[20] J/psi polarization in Pb+Pb collisions in the ICEM	CHEUNG, Vincent
17:20	[21] Collectivity of J/psi in Heavy-Ion Collisions	RAPP, Ralf
17:40	[18] J/psi at high pT in AA collisions	LIAO, Jinfeng
