

QWG 2022 - The 15th International Workshop on Heavy Quarkonium

Wednesday 28 September 2022

Session 3.1 - AUD (09:00-10:50)

-Conveners: Bryan Fulsom

time	[id] title	presenter
09:00	[40] Higgs boson decay to charmonia via c-quark fragmentation	MA, Yang
09:20	[41] pNREFTs for self-interacting dark matter	BIONDINI, Simone
09:40	[24] Near Threshold Heavy Quarkonium Photoproduction at Large Momentum Transfer	TONG, Xuan-Bo
10:00	[43] Search for LFV and a light Higgs boson in $Y(nS)$ decays at Belle	BHARDWAJ, Vishal
10:25	[44] Recent results of rare decay searches at BESIII	ZHANG, Guangyi
