

QWG 2022 - The 15th International Workshop on Heavy Quarkonium

Thursday 29 September 2022

Session 4.1 - AUD (09:00-10:45)

-Conveners: **Antonio Pineda**

time	[id] title	presenter
09:00	[54] QCD static force in gradient flow	WANG, Xiangpeng
09:20	[55] The static force from the lattice	MAYER-STEUDTE, Julian
09:40	[56] BES III measurements of the baryon electromagnetic form factors	ROSNER, Christoph
10:05	[57] Static Energy in (2+1+1)-Flavor Lattice QCD: Scale Setting and Charm Effects	WEBER, Johannes Heinrich
10:25	[58] Renormalons and the static potential	TAKAURA, Hiromasa
