

## Industry meets Academia: Beam Monitoring Instrumentation and Quality Assurance

Contribution ID: 31

Type: **not specified**

### **Achieving valorization success**

*Thursday, 10 November 2011 18:00 (30 minutes)*

Prof. Dr. Peter Heydebreck will outline the opportunities and challenges of commercializing the research potentials and results from public research. More specifically, he will address the adequacy of different incentive mechanisms for the engaged researchers, research institutions and valorization professionals. Peter will highlight the unique opportunities which partnerships between leading public research institutions and private commercialization partners offer.

**Primary author:** Prof. HEYDEBRECK, Peter (Engage AG)

**Presenter:** Prof. HEYDEBRECK, Peter (Engage AG)

**Session Classification:** Beam Monitoring and Technology Transfer
