

# EMMI+IReNA Workshop "Remnants of neutron-star mergers – Connecting hydrodynamics models to nuclear, neutrino, and kilonova physics"

**Monday 17 October 2022**

**Hydro session 1 - KBW Lecture Hall (14:30-15:30)**

time	[id] title	presenter
14:30	[2] Nuclear matter properties in neutron-star mergers (in-person)	JACOBI, Maximilian
15:00	[3] General relativistic flux-limited diffusion neutrino transport and its astrophysical applications (in-person)	RAHMAN, Ninoy
