

EMMI+IReNA Workshop "Remnants of neutron-star mergers – Connecting hydrodynamics models to nuclear, neutrino, and kilonova physics"

Monday 17 October 2022

Hydro session 3 - KBW Lecture Hall (17:45-19:15)

time	[id] title	presenter
17:45	[7] Neutrino-cooled accretion disks (online)	MURGUIA-BERTHIER, Ariadna
18:15	[8] Post-merger disks with full neutrino physics (in-person)	MILLER, Jonah
18:45	[9] Neutron star mergers: aspects of nuclear and plasma physics (online)	MOST, Elias
