

EMMI+IReNA Workshop "Remnants of neutron-star mergers – Connecting hydrodynamics models to nuclear, neutrino, and kilonova physics"

Tuesday 18 October 2022

Neutrino session 1 - KBW Lecture Hall (15:45-17:30)

time	[id] title	presenter
15:45	[12] Overview talk: Neutrino flavor transformation in neutron star mergers (in-person)	MCLAUGHLIN, Gail
16:30	[13] Neutrino fast flavor conversions in neutron-star post-merger accretion disks (online)	LI, Xinyu
17:00	[14] Neutrino quantum kinetics in neutron star mergers (in-person)	RICHERS, Sherwood
