2. Topics: head of ACC business area			
I	Financial planning for the years 2023 to 2025 is pending. The coming beam times may also be affected. The budget planning process will start in September. A responsible electrician (VEFK) should be appointed. A meeting with the relevant STVs and AVs should take place for this purpose. Departments outside of the accelerator operation should also be consulted.	U. Weinrich	
3. General Plan of Accelerator Operations 2023			
I	The preliminary general plan of the accelerator operation was presented. More precise adjustments and detailed planning are still pending.	M. Vossberg
