## Preparations for and Discussions about Maus-Türöffner-Tag 2022

Monday, 16 May 2022 15:45 (30 minutes)

I would like to encourage all German  $\bar{P}$ ANDA groups to participate in the "Türöffner-Tag 2022" of "Die Sendung mit der Maus".

The motto of 2022 is "Spannende Verbindungen" ("Exciting Connections") and we should discuss here ideas how we can present  $\bar{P}$ ANDA and our research to a young audience.

For explanations about the "Türöffner-Tag", see my presentation from the CM 21/3: https://indico.gsi.de/event/12089/contributions/56638/10-25.pdf

**Presenter:** Dr TRIFFTERER, Tobias (Ruhr-Universität Bochum(RUB))
