

Workshop on Beta-delayed neutron emitters: evaluation and measurements

Wednesday, May 23, 2012

beta-dn: Experiments 2 - A-304 (9:00 AM - 10:30 AM)

time	[id] title	presenter
9:00 AM	[10] The TRIUMF-ISAC beta-decay program and future possibilities for study of beta-delayed neutron emitters	Prof. GARRETT, Paul
9:45 AM	[14] Beta-delayed neutron spectroscopy using trapped radioactive ions	SCIELZO, Nicholas D.

beta-dn: Experiments 3 - A-304 (11:00 AM - 12:30 PM)

time	[id] title	presenter
11:00 AM	[12] Ongoing and planned β -delayed neutron measurements with BELEN for astrophysics, nuclear structure and reactor technology	Dr TAIN, Jose L.
11:45 AM	[11] Plans for beta decay experiments at RIBF	LORUSSO, Giuseppe
