

Workshop on Beta-delayed neutron emitters: evaluation and measurements

Wednesday 23 May 2012

beta-dn: Experiments 2 - A-304 (09:00-10:30)

time	[id] title	presenter
09:00	[10] The TRIUMF-ISAC beta-decay program and future possibilities for study of beta-delayed neutron emitters	Prof. GARRETT, Paul
09:45	[14] Beta-delayed neutron spectroscopy using trapped radioactive ions	SCIELZO, Nicholas D.

beta-dn: Experiments 3 - A-304 (11:00-12:30)

time	[id] title	presenter
11:00	[12] Ongoing and planned β -delayed neutron measurements with BELEN for astrophysics, nuclear structure and reactor technology	Dr TAIN, Jose L.
11:45	[11] Plans for beta decay experiments at RIBF	LORUSSO, Giuseppe
