

IDATEN Workshop

Friday 08 July 2022

Heavy mass region - KBW Main Auditorium (10:20-11:44)

-Conveners: Eiji Ideguchi

time	[id] title	presenter
10:20	[93] Study of the prolate-oblate shape transition in the neutron-rich heavy-mass region	PASCU, Sorin
10:32	[94] Half-life of the yrast 2+ state in 190W	
10:44	[95] Exploring nuclear structure beyond N=126	GOTTARDO, Andrea
10:56	[96] Seniority breaking in n-rich isotopes beyond 208Pb	LOZEVA, Radomira
11:08	[97] Lifetime measurements of the low-lying states in 212, 214, 216Pb	LIU, zhong
11:20	[98] Lifetime measurements of the low-lying states in 216Th	LIU, zhong
11:32	[99] Lifetime measurements in the south-east frontier of the actinide island of octupole deformation and beyond	MORALES LOPEZ, Ana Isabel
