

European Cryogenics Days 2023

Wednesday 29 March 2023

Cryogenic specialities: Cryo-electron microscopy in structural biology research (10:40-11:30)

-Conveners: Hans Quack (TU Dresden)

time	[id] title	presenter
10:40	[11] Cryo-electron microscopy in structural biology research	MATTEI (EMBL), Simone
11:10	[18] It doesn't work without cooling (any more)! Cement cooling - the new method for efficient concrete cooling	TAUCHMANN (MESSER SE CO. KGAA), Jens
