

# SMI-2023: 14th International Conference on Stopping and Manipulation of Ions and Related Topics

## Wednesday 10 May 2023

### Plenary Session 9: Plenary Session 9 - (14:00-15:40)

-Conveners: Julia Even

time	[id] title	presenter
14:00	[51] Trapping and laser spectroscopy of triply charged thorium ions towards a nuclear clock	Dr YAMAGUCHI, Atsushi
14:30	[58] Stopping heavy, highly charged ions - The HITRAP decelerator and cooling trap	Mr STALLKAMP, Nils Simon
15:00	[33] Production of highly charged and molecular thorium ions for fundamental physics	STRICKER, Jonas
15:20	[55] Trap System for Measuring Neutron Capture Cross Section of Short-lived Isotopes	WILSENACH, Heinrich
