

SMI-2023: 14th International Conference on Stopping and Manipulation of Ions and Related Topics

Thursday 11 May 2023

Plenary Session 11: Plenary Session 11 - (09:00-10:45)

-Conveners: Moshe Friedman

time	[id] title	presenter
09:05	[78] Ion manipulation and preparation for radioactive molecules and negative ions	ETTENAUER, Stephan
09:35	[73] Progress towards the EDM3 instrument at FRIB: A tool for studying radioactive molecules embedded inside cryogenic solids	BALLOF, Jochen
10:05	[37] Barium Tagging for the NEXT Neutrinoless Double Beta Decay Program	JONES, Benjamin
10:25	[41] Ba-ion extraction from liquid Xe and subsequent identification for double-beta decay studies with nEXO	BRUNNER, Thomas
