Opportunities

All Programme and opportunities are broken down into these legal framework tools developed together with the Legal and HR.

The PROCESSING time has been reduced by 90% for Traineeships and up to 50% for Researchscholarships

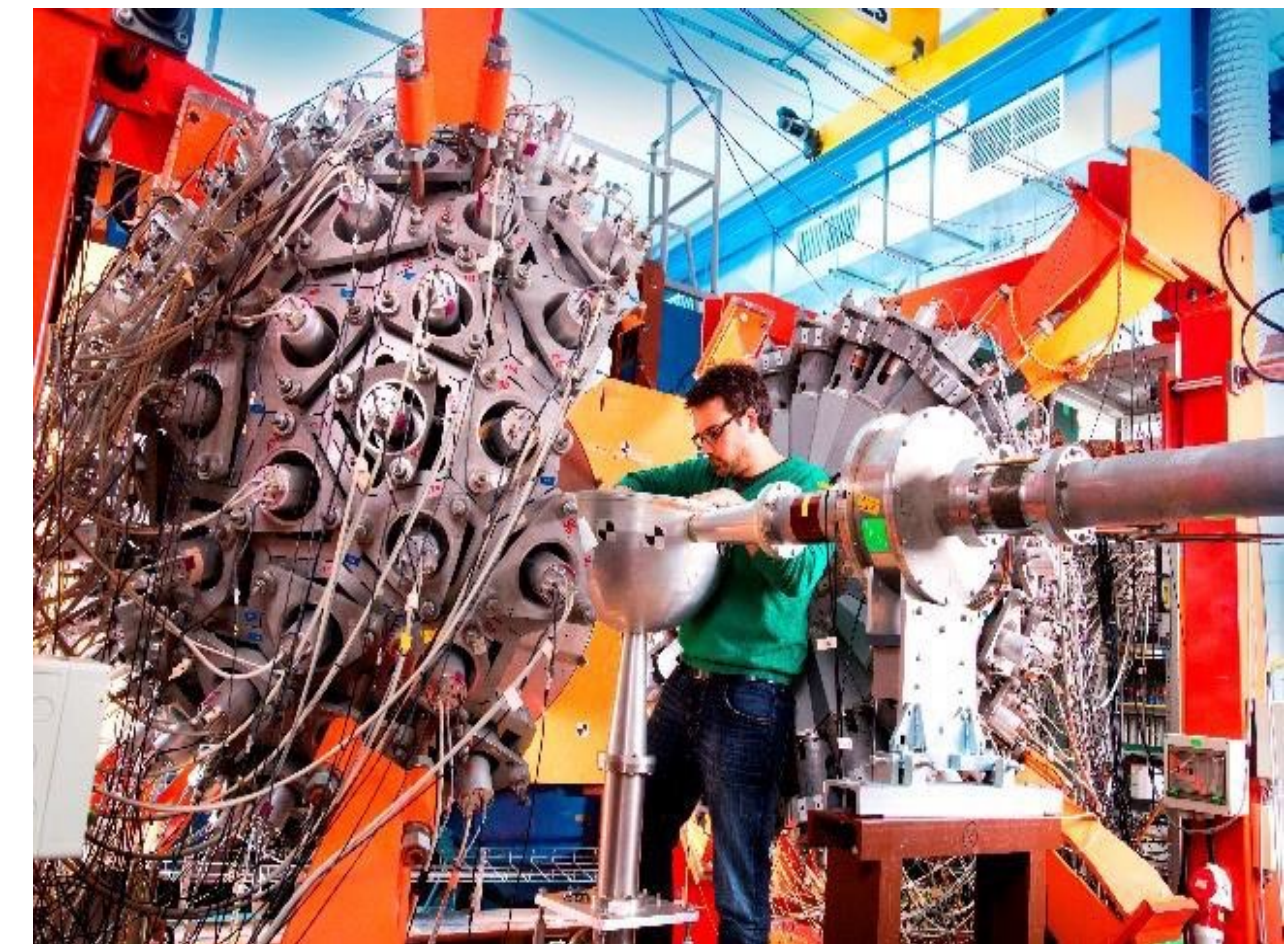

Internships

for enrolled students in Bachelors/Masters degree in science and engineering

Traineeships

for students from European Union having a Masters degree in science and engineering.

Research Experience

for enrolled PhD students or recent doctorates (postdocs) or equivalent with focus on FAIR/GSI research.

GET_INvolved Programme

INTERNSHIP

Ideal for undergraduate and graduate students looking for improving their skills and having an internship in between their semester or for a dedicated semester to perform a thesis/dissertation.

Eligibility: Bachelor/Master students

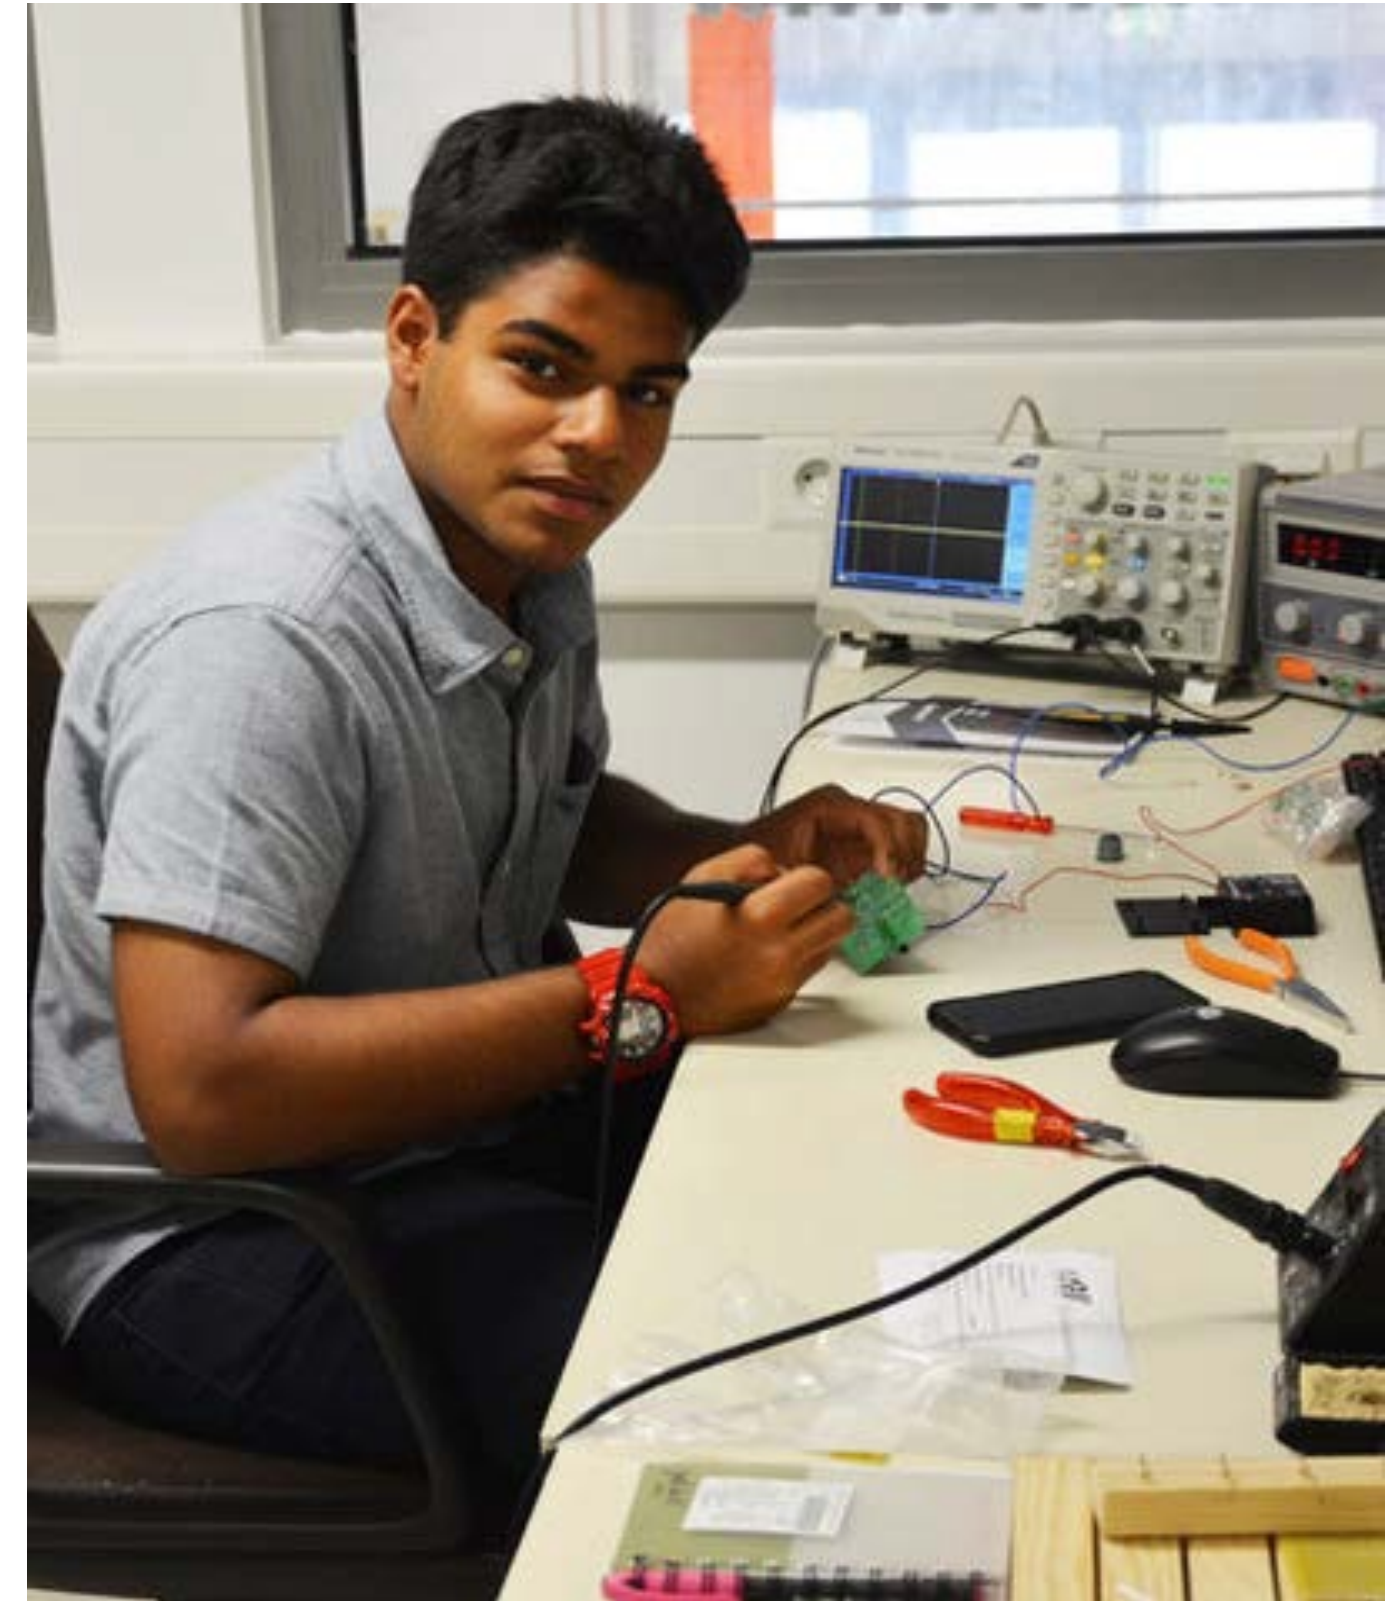

Duration: 2-6 months, compliant to the University regulations

Funding: Yes

Application: Via our application portal anytime

Bachelor Students (in 5th semester or above)
For Partner funded Programme please refer to our webpage or consult us via email.

www.fair-center.eu/GET_INvolved

GET_INvolved Programme

TRAINEESHIP

Ideal for undergraduate and graduate students (doctoral researcher also eligible) looking for improving their skills and having a traineeship abroad during their semester break or for a dedicated project in connection with in their curriculum.

Eligibility: Bachelor/Master/ PhD students.

Duration: 2-12 months

Funding: Yes, partly via Erasmus+

Application: Via our application portal anytime

For Partner funded programme please refer to our webpage or consult us via email.

www.fair-center.eu/GET_INvolved

GET_INvolved Programme

RESEARCH

Ideal for doctoral students and post-doctoral researcher looking for collaborating on a dedicated project in connection with in their research work and experience.

Eligibility: PhD students/PhD holders

Duration: Doctoral researchers up to 36 months, and

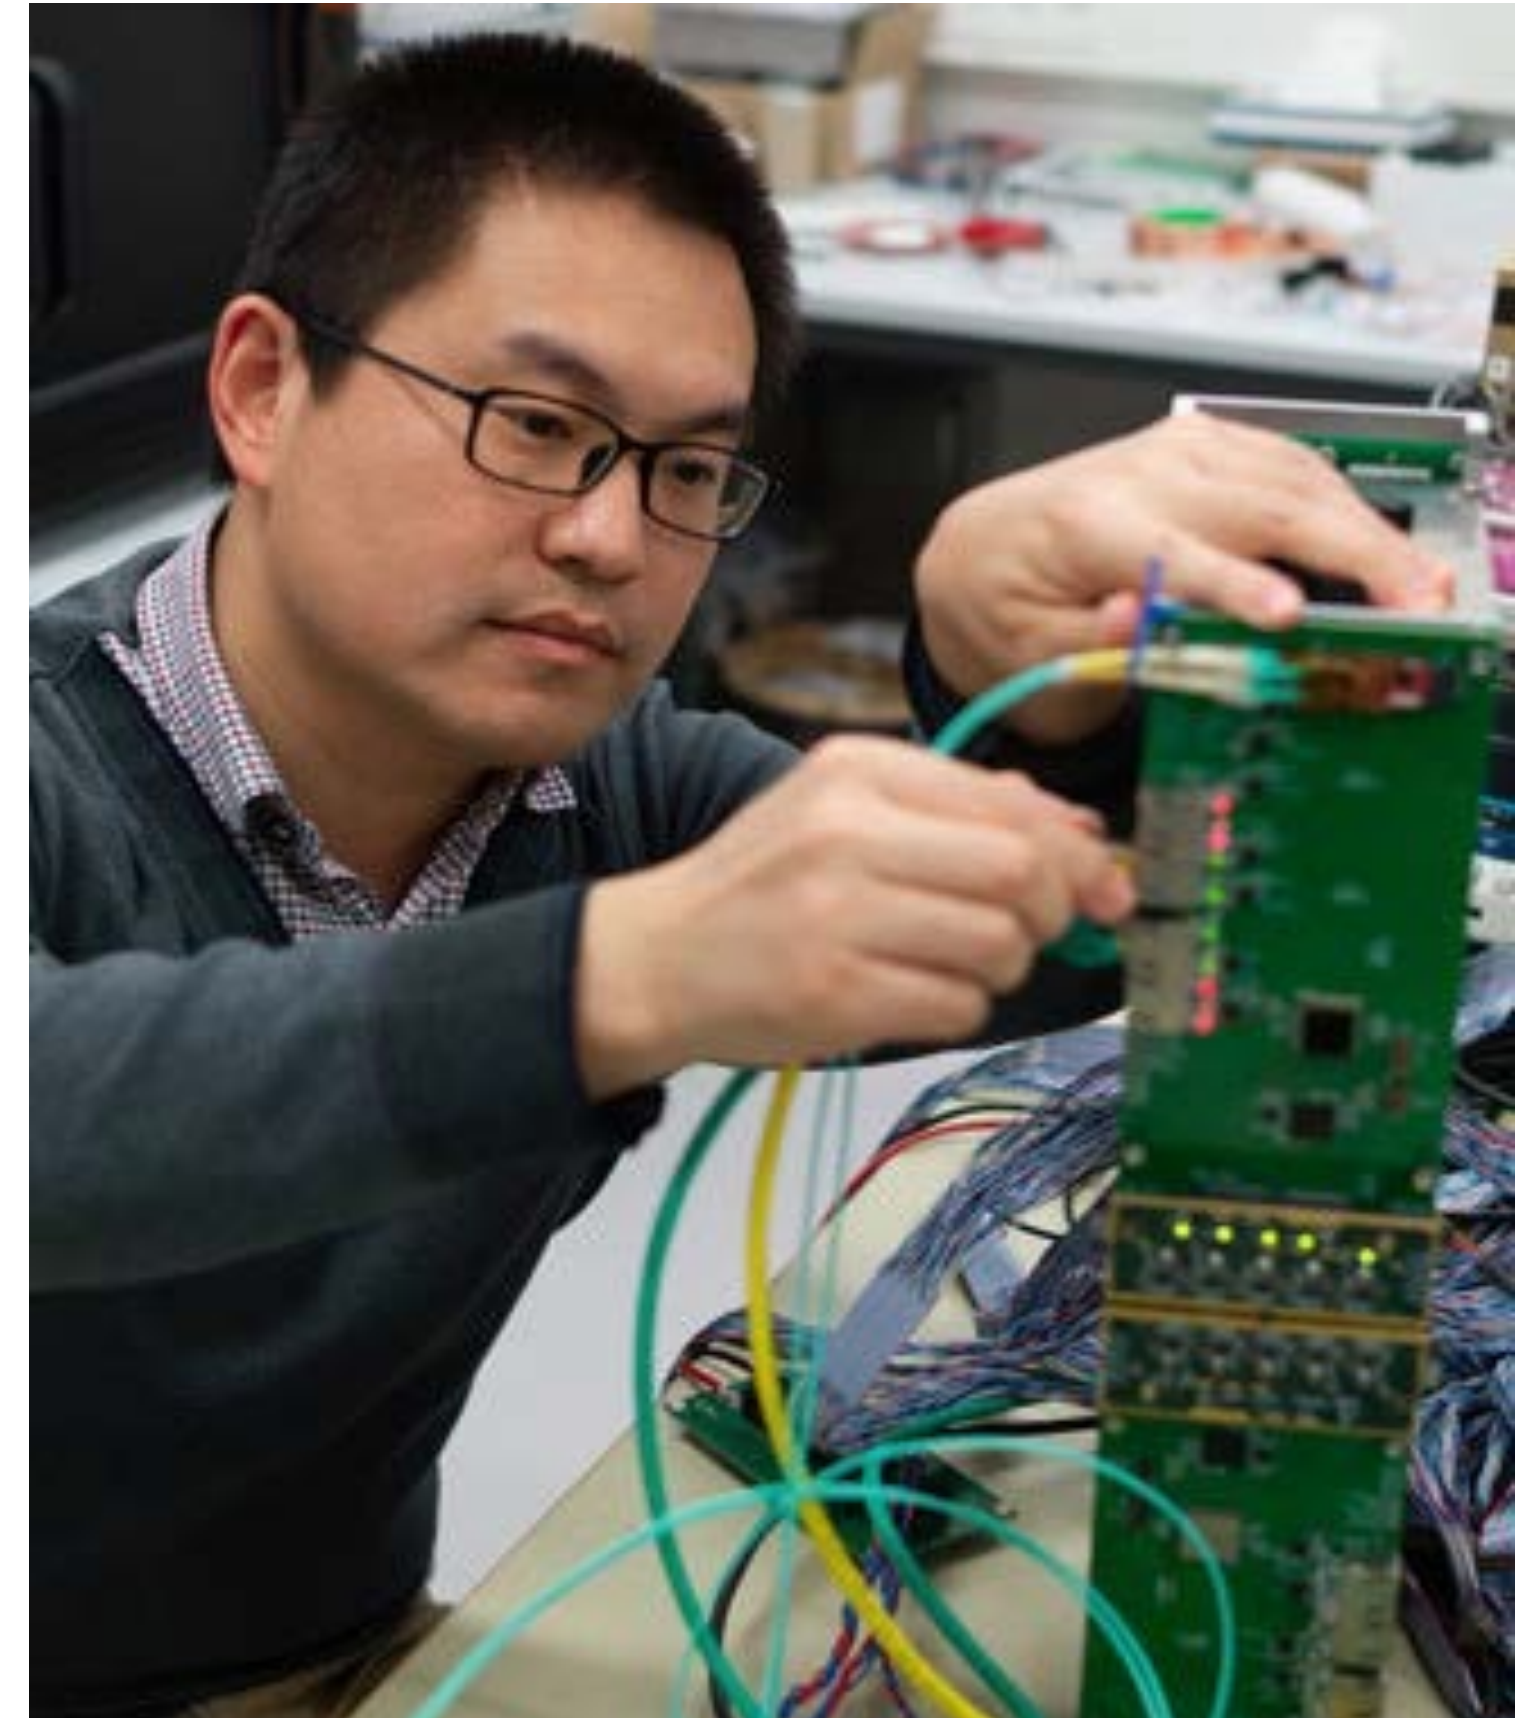

Postdocs ideally up to 2 years

Funding: Yes, partly funded

Application: application portal anytime

For Partner funded Programme please refer to our webpage or consult us via email.

www.fair-center.eu/GET_INvolved

GET_INvolved Programme

Sc. & Tech. Assistant

Ideal for recent graduates, exploring opportunities to pursue a doctoral research at GSI through one of the partner Universities in connection with in their research work and education. Also a funding tool for those supervisors who are looking for candidates for a potential doctoral project, however they would prefer to have a direct experience on compatibility.

Eligibility: Graduates, ideally with a Master Degree.

Bachelor Degree holders also eligible.

Duration: 3 months

Funding: Yes, funded

Application: application portal anytime

www.fair-center.eu/GET_INvolved

A woman with brown hair tied back, wearing a light blue and white striped shirt, is shown in profile from the chest up. She is looking upwards and to the right with an open mouth, as if speaking or reacting. To her right, a light blue speech bubble with a white outline contains the text "What's in it for me?". The background is a solid, medium blue color.

What's in it for me?

Opportunities: enlarging Collaboration

Joint Ph.D Positions and Joint Postdoc positions have been a good instrument to have more exchange and engagement of the partner university.

Project Associate Programme has helped Acc. Division department to have trained employee from partners to work from day1.

Support in applying for personnel funding through third party in strategic countries.

Seed funding for initiatives available after evaluation (on co-funding model):

1. Joint PhD positions
2. Joint Postdoc positions
3. Co-funded Project Associates
4. Third-party Funding applications

Key Message

Programme has grown 130% in 2022. The focus now is to nurture our partnerships and partners to build capacity for the future operation of FAIR.

We are extremely delighted to support R3B in engaging more students and researchers through diverse Programme in the portfolio of GET_INVolved Programme.
