

Understanding light (anti-)nuclei production at RHIC and LHC

Tuesday 09 April 2024

Models for hypertriton production and perspectives - SB1 Lecture Hall (14:00-18:00)

time	[id] title	presenter
14:00	[11] Thermal model to describe hypertriton production	Prof. REDLICH, Krzysztof
14:45	[12] Coalescence model to describe the hypertriton production	DÖNIGUS, Benjamin
15:30	Coffee Break	
16:00	[13] Hypernuclei with $A=4$ and perspectives for future measurements	DITZEL, Janik
16:45	[14] Free Discussion
