

Erasmus+ Traineeships at FAIR/GSI

Presented by

Mrs Gabriele Jansen

Administrative Executive

International Cooperation Office

International Cooperation Office is working with more than 20 countries and more than 50 educational institutions in the EU.

- **1/4** Incoming students or researchers are from EU or affiliated to any institute from EU.
- **Czech Republic, France, Poland, Romania, Slovenia** are strong partners of the FAIR project.
- Scientists and institutes in the EU countries have been visiting and collaborating with GSI scientists since decades.
- Erasmus+ **programs** to support mobility of young talented students who we need for future operations of FAIR.

International Cooperation Office is working with more than 20 countries and more than 50 educational institutions in the EU.

Erasmus+ Programme @ FAIR/GSI

Co-funded by the
Erasmus+ Programme
of the European Union

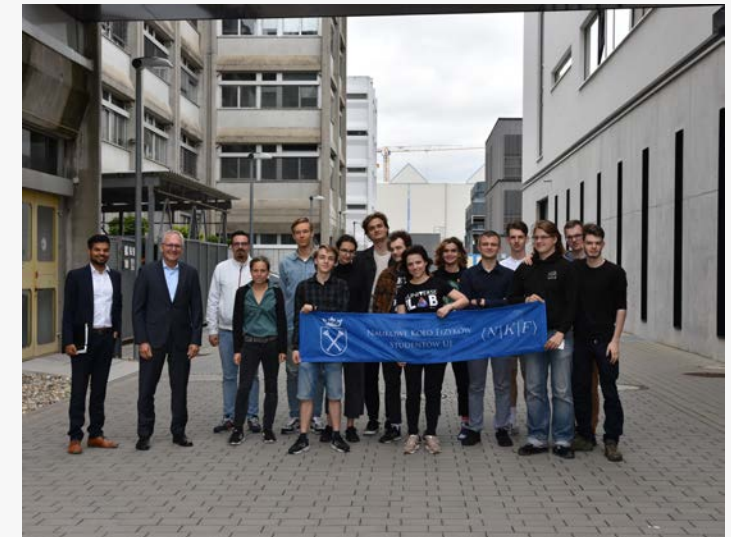

Individual Traineeships

Strategic Partnerships

Educational Tours

International Cooperation Office is working with more than 20 countries and more than 50 educational institutions in the EU.

Erasmus+ Programme @ FAIR/GSI

Co-funded by the
Erasmus+ Programme
of the European Union

Individual Traineeships

Strategic Partnerships

Educational Tours

Programme fits to our strategic portfolio and aligns with goals of the researcher interests in partner countries. Following three reasons supports our assessment.

Individual Traineeships

Co-funded by the
Erasmus+ Programme
of the European Union

1

DISCOVER:

Helps FAIR/GSI to allow young students in STEM fields to discover the opportunities at FAIR

2

CONNECT:

Allows the young talent to connect to the experts in their field of interest and get inspired.

3

GET_INVolved:

Involving these young trainees into specific project at FAIR

Programme is ideally for a collaborating partner in the Programme countries to allow a mobility opportunity to explore, connect and experience Germany and the research environment.

Eligibility

- Bachelor/Master or Ph.D. student from any eligible universities from Programme countries
- (depending on the case recent graduates in between degrees are also eligible)
- All STEM including management and technology transfer topics are included.

Funding

- Monthly lump sum by Erasmus+ (via University)
- in-kind support ca. 630€ by hosting department (GSI)
- We encourage to apply for Green Travel grant covering the Travel expenses
- Health Insurance covered through home country EHIC

Deadlines

No deadlines (at FAIR/GSI)

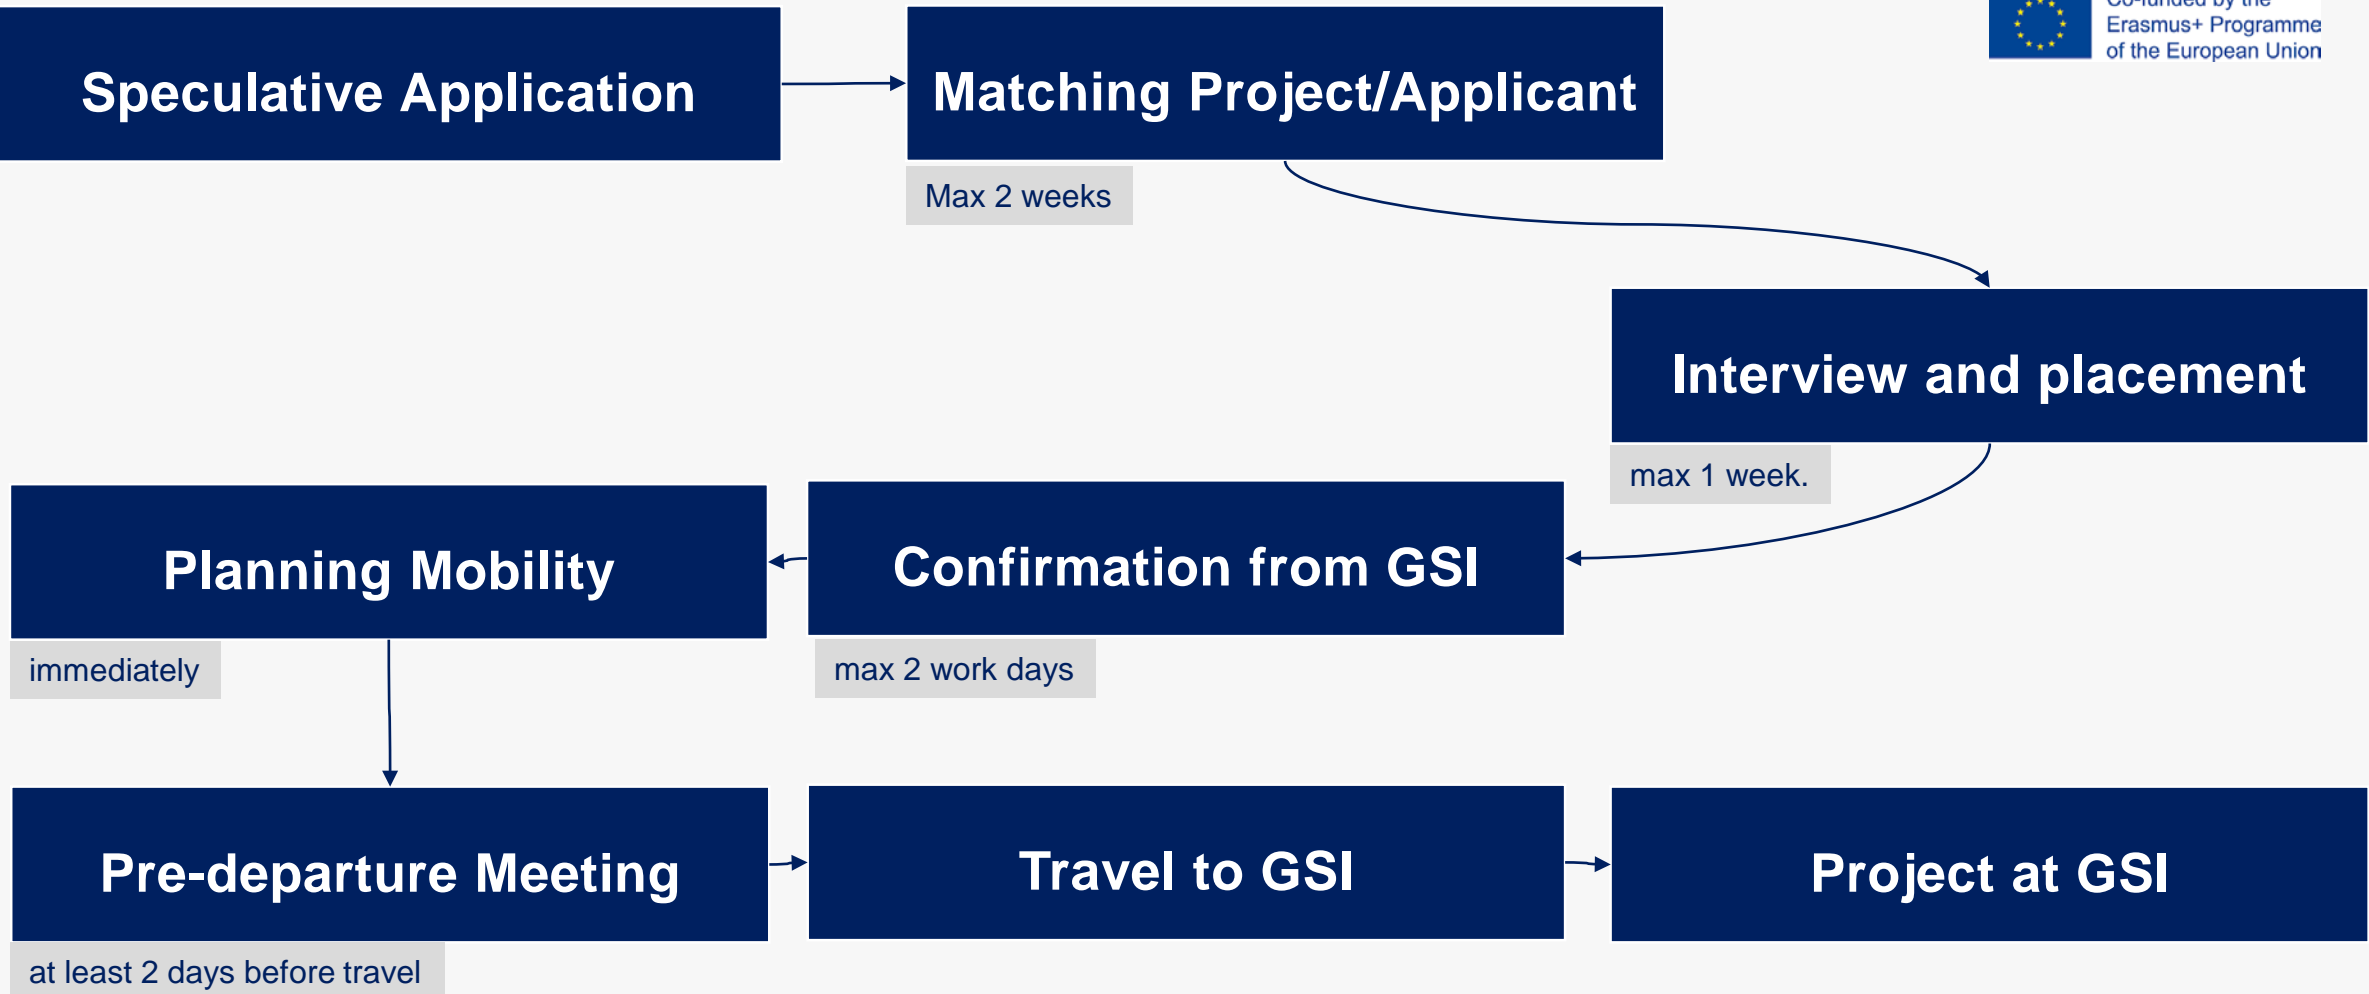

Duration

2-3 months. In some cases, up to 6 months.

Co-funded by the
Erasmus+ Programme
of the European Union

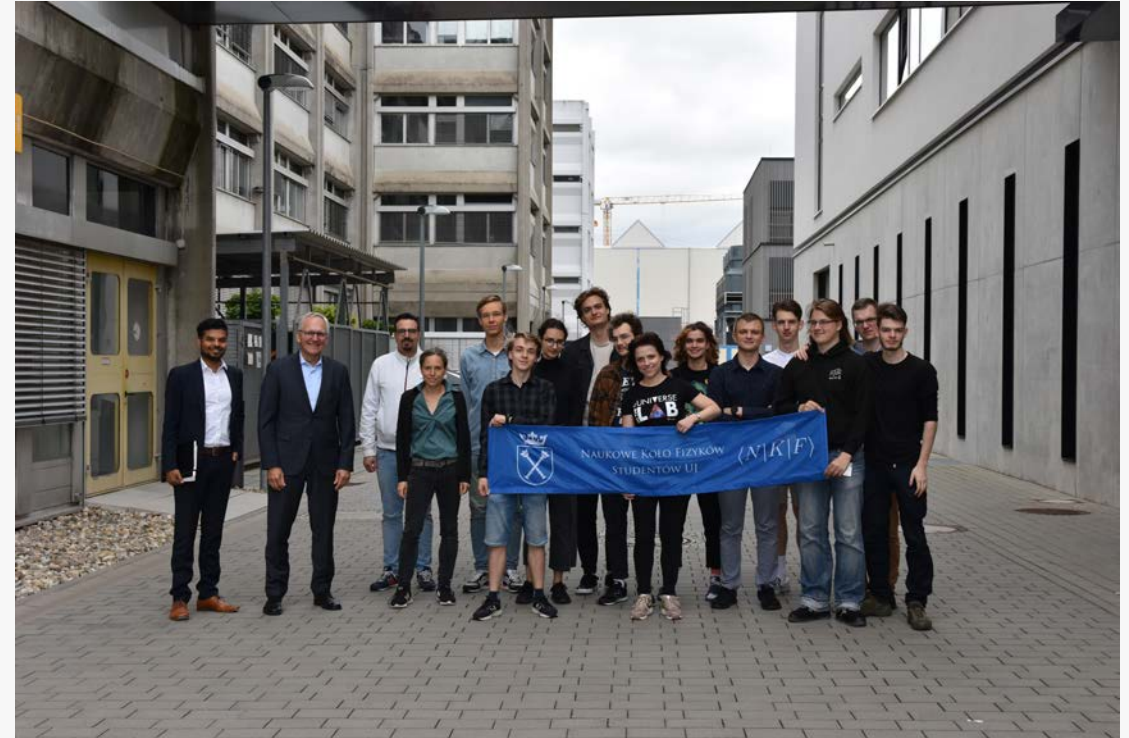

International Cooperation Office coordinates & consults both applicants and also the mentors to successfully secure a placement with Erasmus+ traineeships.

ERASMUS+ – In 2023 we have recruited more than 35 Trainees.

Group Image after a successful study tour of FAIR/GSI, Mainz and HIT Heidelberg organized by ICO co-sponsored by the Erasmus+ [September 2023]

Lessons learnt from Coordinating for 5 years now!

The Matchmaking provided by our team have been constantly praised, and utilized. Approx. 75% of the incoming Erasmus+ trainees are through Matchmaking.

The programme allowed to change the mindset in campus to look at ERASMUS+ traineeships as a medium to help provide mobility to their collaborators at the doctoral level.

Deadlines are on the University end more stricter than at FAIR/GSI. We have been able to secure placement and confirmation as low as 3 working days.

**ERASMUS+ is one of the several programmes we coordinate.
Contact us to know more about diverse opportunities at ICO – FAIR/GSI.**

Thank you!

Discover. Connect. GET_INvolved!
