

Collaboration & Networking

Wednesday, 29 November 2023 13:30 (1h 30m)

The session will focus on the benefits of networking and collaboration as a life-skill and as a tool to explore research questions, building consortia, raising funding, develop your career and deliver impact. We will explore how network confidently across boundaries in a range of different organisations and levels of seniority. You will learn how to effectively present your research idea in a concise and impactful manner that is tailored to your audience.

Presenters: Mr TRACEY, Ian (Anchored In); Mrs HAY, Viola (Anchored In)
