

# Physics opportunities with proton beams at SIS100

## Wednesday, February 7, 2024

### session 3: Few-body systems I - Campus Haspel (9:00 AM - 10:30 AM)

-Conveners: Tetyana Galatyuk

time	[id] title	presenter
9:00 AM	[10] Chiral EFT for non-strange and strange nuclear systems	EPELBAUM, Evgeny
9:30 AM	[15] Possibility of hypernuclear studies with high energy proton beams	Prof. SAITO, Takehiko
10:00 AM	[13] Hadronic interaction studies in three-body systems using femtoscopy at the LHC	DEL GRANDE, Raffaele
