

Physics opportunities with proton beams at SIS100

Wednesday 07 February 2024

session 3: Few-body systems I - Campus Haspel (09:00-10:30)

-Conveners: Tetyana Galatyuk

time	[id] title	presenter
09:00	[10] Chiral EFT for non-strange and strange nuclear systems	EPELBAUM, Evgeny
09:30	[15] Possibility of hypernuclear studies with high energy proton beams	Prof. SAITO, Takehiko
10:00	[13] Hadronic interaction studies in three-body systems using femtoscopy at the LHC	DEL GRANDE, Raffaele
