

Physics opportunities with proton beams at SIS100

Wednesday, February 7, 2024

session 5: Reaction dynamics I - Campus Haspel (2:00 PM - 3:30 PM)

-Conveners: Christian Sturm

time	[id] title	presenter
2:00 PM	[16] How to extract two hadron interaction strengths from production reactions	HANHART, Christoph
2:30 PM	[19] Production of charm mesons at low energies: From fixed-target LHC experiments to SIS100	MACIULA, Rafal
3:00 PM	[54] Charmonium, glueballs and their mixing from lattice QCD	URREA, Juan Andres
