

Physics opportunities with proton beams at SIS100

Wednesday 07 February 2024

session 5: Reaction dynamics I - Campus Haspel (14:00-15:30)

-Conveners: Christian Sturm

time	[id] title	presenter
14:00	[16] How to extract two hadron interaction strengths from production reactions	HANHART, Christoph
14:30	[19] Production of charm mesons at low energies: From fixed-target LHC experiments to SIS100	MACIULA, Rafal
15:00	[54] Charmonium, glueballs and their mixing from lattice QCD	URREA, Juan Andres
