

Welcome

ExtreMe Matter Institute EMMI

EMMI Workshop

Probing Dense Baryonic Matter with Hadrons II: FAIR Phase-0

February 19-21, 2024

SB1 Lecture Hall, GSI, Darmstadt , Germany

Scientific Programm

- Protons, light nuclei and pions: spectra and yields Mon. 9:45-12:00
- Fluctuations (joined session with STAR/CBM eTOF Workshop) Mon. 13:30-17:00
- Collectivity Mon. 17:30-18:30, Tues. 14.00-16:00
- Input from hadron physics Tues. 9:00-12:30
- EOS and matter properties at high baryon densities Wed. 9:00-12:30

30 minutes talks plus 15 minutes discussion

Colloquium Tuesday 16:15

Lijuan Ruan STAR BES Program: Status and Perspectives

Coffee: outside the conference room

Lunch : Canteen in the neighbor building

Conference Dinner

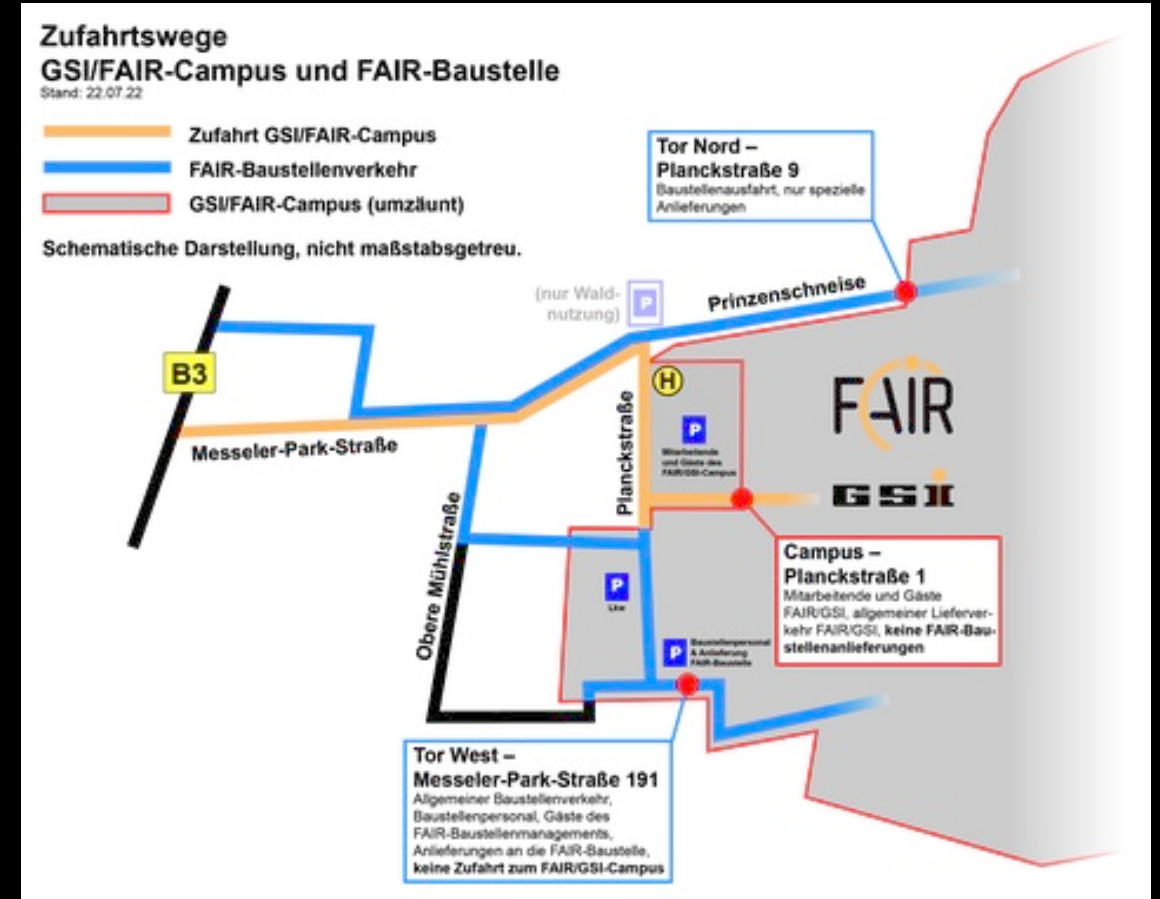

Tuesday 18:00 Weisser Schwan

Frankfurter Landstraße 190 64291 Darmstadt-Arheilgen

If you are going by car, please offer seats to others.

Excursion to FAIR construction site

Wednesday 14:00 at Tor West. (13:45 in front of the lecture room)

What else?

If you need a taxi to the airport on Wednesday please contact the EMMI office as soon as possible (emmi-office@gsi.de).

Looking forward to hopefully interesting and fruitful sessions,

Enjoy the workshop!

Anton, Hannah and Manuel
