

Probing dense baryonic matter with hadrons II: FAIR Phase-0

Wednesday 21 February 2024

EOS and matter properties at high baryon densities: Part 2 - SB1 Lecture Hall (11:00-12:30)

time	[id] title	presenter
11:00	[19] Constraining the EOS with neutron star merger	TSANG, David
11:30	[20] Discussion	
11:45	[21] EOS as deduced from HICs and astrophysics: status and perspectives	TRAUTMANN, Wolfgang
