

# QCD at FAIR Workshop 2024

## Monday, November 11, 2024

### Open Plenary session: Physics talks I - KBW.1.017 (Audit) (2:00 PM - 4:00 PM)

time	[id] title	presenter
2:00 PM	[2] Opening & introduction	NERLING, Frank
2:15 PM	[3] Welcome by GSI Management	LEIFELS, Yvonne
2:25 PM	[4] "On the origin of hadron mass and structure"	ROBERTS, Craig
2:55 PM	[5] "Limits of hadronic existence. The role of reference measurements in heavy-ion research"	STROTH, Joachim
3:25 PM	[6] „Opportunities with hadron beams for light baryon spectroscopy“	RÖNCHEN, Deborah

### Open Plenary session: Physics talks II - KBW.1.017 (Audit) (4:30 PM - 6:30 PM)

time	[id] title	presenter
4:30 PM	[7] "Femtoscopia, production, and exotic spectroscopy"	ALBALADEJO SERRANO, Miguel
5:00 PM	[8] "Quark-diquark correlations in baryons"	EICHMANN, Gernot
5:30 PM	[9] Highlight talk Chapter 4, „Probing final state interactions with femtoscopy“	ZBROSZCZYK, Hanna
6:00 PM	[10] "QCD, EOS and neutron star mergers"	BAUSWEIN, Andreas
