

EMMI Rapid Reaction Task Force Kick-Off Meeting: Fluctuations and Correlations and QCD Phase Transition

Tuesday 12 February 2013

Session 3 - KBW Lecture Hall (09:00-12:25)

-Conveners: Bengt Friman

time	[id] title	presenter
09:00	[15] Hadron formation in relativistic nuclear collisions and the QCD phase diagram.	BLEICHER, Marcus
09:25	[16] Equilibration in ultrarelativistic heavy ion collisions	GREINER, Carsten
09:50	[17] Thermalisation and turbulence	BERGES, Jürgen
10:15	Coffee Break	
10:45	[18] Entropy production and thermalization	SCHÄFER, Andreas
11:10	[19] Quarkonium in LQCD	KACZMAREK, Olaf
11:35	[20] Spectral functions at finite temperature	FRANCIS, Anthony
12:00	[21] Modification of hadronic spectral functions under extreme conditions	MORITA, Kenji
