Travel information

In order to reach the city centre from the Václav Havel Airport Prague, one can take an Uber Airport, a trolleybus, or a bus. To reach the area of the conference venue, the Trolleybus line 59 followed by a Metro line A (green) and a short walk is the easiest ([route on Google maps](#)). More detailed information on the public transportation will be provided in the Second Circular.

As the city centre is easily accessible by the public transportation, the Local Organizing Committee does not recommend coming to the conference venue by car as parking in the city centre is extremely difficult. If you arrive to Prague by car, please check that your hotel offers parking.
