

# Update on “Exotic Hadrons” Chapter

- Conveners: S. Dobbs, N. Brambilla
- Great progress this week
  - Refined conclusions on which exotics to highlight
  - Added several summary figures
  - Built stronger case for the  $\phi(2170)$
- Outstanding issues to resolve (by end of next week)
  - Contributions from Nora, Colin, Christian F.
  - Incorporate results of feasibility studies
  - Finish “non-expert” summary
