

# EMMI Workshop on high energy density plasma diagnostics at FAIR: Novel laser based photon and particle sources

## Montag, 30. September 2013

**Plasma Physics with Intense Heavy Ion and Laser Beams at FAIR - Lecture Hall (SB1.120) (09:40 - 11:10)**

| time  | [id] title  | presenter         |
|-------|---|-------------------|
| 09:40 | [2] High energy density experiments with intense heavy ion and proton beams at FAIR | VARENTSOV, Dmitry |
| 10:10 | [3] Status of the Helmholtz Beamline at FAIR and PHELIX - laser                     | BAGNOUD, Vincent  |
| 10:40 | [4] X - ray laser for FAIR  | KUEHL, Thomas     |
