

EMMI Workshop on high energy density plasma diagnostics at FAIR: Novel laser based photon and particle sources

Monday 30 September 2013

Plasma Physics with Intense Heavy Ion and Laser Beams at FAIR - Lecture Hall (SB1.120) (09:40-11:10)

time	[id] title	presenter
09:40	[2] High energy density experiments with intense heavy ion and proton beams at FAIR	VARENTOV, Dmitry
10:10	[3] Status of the Helmholtz Beamline at FAIR and PHELIX - laser	BAGNOUD, Vincent
10:40	[4] X - ray laser for FAIR	KUEHL, Thomas
