| <a href="#">!2190</a> | Online reco parameters on the flight               | Sergei Zh. | Volker     | Sergey G.  | 5.25    | 9.25         | WIP <sup>3</sup>                                              |

<sup>1</sup>apr21 was deprecated, the issue is probably fixed

<sup>2</sup>Default mCBM parameters: really necessary?

<sup>3</sup>General unpacking issue: potentially slow initialization, dead channel handling
