

SPARC WORKSHOP

28-30 October 2013

Jena

10th Topical Workshop of the Stored Particles Atomic Physics Research Collaboration

Topics

Critical and super-critical atomic fields
Ion-atom/molecule collisions at low to relativistic energies
HCI in traps and rings for spectroscopy
Atoms/Ions in intense laser fields
Ion/Laser-matter interactions
Cross-link between atomic and nuclear physics
Status of the heavy ion and storage ring facilities
Novel instrumentation

Organizing committee

Stephan Fritzsche (HI-Jena/U Jena)
Barbara Kirchner (HI-Jena)
Yuri Litvinov (GSI)
Stephanie Lüttges (GSI)
Renate Märtin (HI-Jena)
Reinhold Schuch (U Stockholm)
Thomas Stöhlker (HI-Jena/U Jena)
Andrey Surzhykov (HI-Jena)
Stanislav Tashenov (U Heidelberg)
Günter Weber (HI-Jena)
